### Dear Colleagues,

Greetings to all. As we march ahead strongly through 2016, I take this opportunity to thank our valued customers, whose continued patronage and confidence inspires us to extend the best of services and enables us to provide value for their money. We are focused at addressing the needs of our customers through dedication, maintaining continuous interaction with them to assess their emerging requirement, so as to be ready when the needs arise.

We are committed to total customer satisfaction by identifying their specific needs, translating them into Quality shipments and providing dependable services. This commitment is the corner stone of our Policy and we strive to achieve it by our strength - the Employees. I therefore, thank all our valued customers for their continued patronage, employees for their cooperation and our well-wishers who have contributed to the growth of the organization.

Progress for Seatech has never been a dream. It has always been a distant reality and once one milestone is achieved, there is always another one waiting to be crossed. In our diversifying activities, we have recently set out another venture 'the Magic Pencil" offering services in the field of Advertising / Events and branding, which is being received overwhelming response from the Industry. Another notable joint venture we have signed up is with Pan Lloyd for representing them and their special equipments in North/West & Southern regions.

Despite the ongoing global recession, Seatech could achieve reasonably good progress in business – thanks to the break-bulk cargo orders and vessels being handled – but for an undeniable drop in Container cargo booking.

Seatech has today became a prominent name in Shipping segment, taking a path less travelled, with our expertise and specialized knowledge. With the support of my brilliant team, I am confident that Seatech will continue to scale milestones of excellence for years to come.

# Christopher Phillips Director

# Seatech Represents Pan Lloyd

Panlloyd has set its own platform in developing NVOCC operations (a fleet of special equipment's) and has carved a niche for itself as the market leader in handling Project Cargoes on their own fleet of special euipments.

PLL has successfully gone through a phase of operational optimization in handling ODC cargo on top level performance in most sectors of India. They are now keen on developing Delhi, Chennai & Baroda one step ahead.

Pan Lloyd logistics introduce Seatech shipping & projects (IND) Pvt Ltd (MALA award winner 2015 for the Best Shipping Agent Of The Year) as their representative in Delhi, Chennai & Baroda. Seatech have the expertise in handling Project and ODC cargoes in break Bulk at various ports in India and with a strong Marketing & port operations and back office support team are capable to extend these services in Handling and marketing containers for Panlloyd at Delhi, Chennai & Baroda.

In order to develop PLL activities to large extend in above sectors PLL management has decided to get into collaboration with strong representative like Seatech. Also being an all rounder in all shipping activities like handling port agency, heavy lifts, project cargo, DG, break bulk cargo, chartering & ship broking, Seatech is eager to be a Part of Pan Lloyd - the ODC players. With this, customer will be able to enjoy all facilities in one platform and both the experts on their own sector will add value to their task by building long term relationship by trust & operational excellence which is brightly determined by their mottos ODC IS OUR PASSION & PROFESSION – PAN LLOYD & COMMITED TO DELIVER - SEATECH

This collaboration will lead in to a Faster & better professional and systemized service for over dimensional cargo. They are going to set their parameters on Excellent & time bound service with multiple solutions to meet customer's need under one roof.

Both the well- known organizations will enjoy business relationship by enabling each other to Market & focus together with their respective strength on current challenging markets with their respective teams and networking offices and strong sales team & Operation team & increase market share in given sectors with their expertise in handling and shipping ODC & PROJECT CARGOES to world Wide destinations..

# **IMO Shipments**

The concept of constant care is fundamental to our business, philosophy & a guiding principle in managing our operations. At Seatech we ensure maximum care, safety & security in handling sensitive cargoes. No matter what your individual shipping needs are, Seatech goes a long way to satisfy them. We are committed in doing the best & combine versatility and dedication in order to offer our customers a first class service.

# Abu Dhabi Break Bulk Exhibition - 2016

# Mumbai Break Bulk Exhibition - 2016

Seatch Shipping & Projects India Pvt Ltd participated in a break-bulk exhibition held in Abu Dhabi & Mumbai. This was attended to by a large number of prominent Customers, besides many notable personalities from the Industry. Public response too was encouraging. Our stall was a spot of attraction for all and participants in large numbers visited our stall.

Seatech being a giant in Break-bulk Cargo handling, with a proven track record has excelled in the exhibition and demonstrated effectively to the visitors all about its operations and activities, which convinced them to a greater extent. We anticipate positive outcome of the exhibition by way of adding more and more of patronage to our clientele.

# **Coastal Shipments**

We have had achievements in our Coastal ventures by booking steel fixture of 173648.59 frt tons. We rose to the occasion for providing our good clients with value additions and succeeded in coastal fixtures and arranged for exclusive coastal transport for its client JSW Steel Ltd. Seatech has assisted in providing an economical means of transport, which is eco-friendly. Seatech has gone miles in moving bigger quantities within short transit time and reduced over all logistics. Seatech assisted in all coastal conversation of the vessel at Goa, Kandla & Mumbai and fixtures concluded were successfully executed by the team members.

MV AL - Mothanna • Ex Hazira / Ennore - 4532 CBM / 2264 MT
• Ex Mundra / Kattupally - 3197 CBM / 5858 MT / No Pipes 1407 UNITS • 20.12.16

# Agent in Dahej & Hazira Ports

Seatech has registered its Vessel Agency in Hazira/Dahej Ports and is evolved to an integrated logistics supplier since on these ports as well. With this Seatech is now better placed with regard to break-bulk/heavy Cargo Shippers of Gujarat for whom suitable Vessels could be called upon these ports on a regular basis. These Ports since located in middle of India's biggest chemical manufacturing corridor, i.e. South Gujarat, happen to be the Shippers' choice for most effective and economic mode of shipment. Adani Hazira Port with 3 of its berths used as multipurpose terminals for handling Vessels of sizes varying from 80,000 DWT to 150,000 DWT, provides a convenient international trade gateway to Europe, Africa, America and the Middle East. Seatech with its hands-on and efficient administration, is quick to respond to the needs of the shipping community with diligence and high quality of service. No matter what our Shippers' individual shipping needs are, Seatech always goes a long way to satisfy them.

# Training Programs - How they are helping

### **Port Agency Training**

Seatech's women crew proves next to none in Port/Vessel operations. A Port Agency Training was conducted for them at Mumbai Port, where they could personally witness cargo loading operations while our team was in action. This imparted much more knowledge to them and being acquainted with all process and procedures, they are expected to play an active role in our Port Agency/Vessel handling.

### **Medical Training**

Seatech organized a unique and specialized First Aid & CRP Training Program for our HO Staff at our Office. The program lasted for half a day. The expert faculty was an experience Doctor who demonstrated the importance of first aid in life saving. This session could enhance knowledge of our team members as to how to tackle emergencies with timely help and proper techniques. First aid is alternate during emergency services and necessary elements which increase the rate of survival. This kind of small effort will make employees learn to protect their own health and help others in emergency.

### **TDS & Tax Training**

Our Finance Dept Ms Virti & Bhagyashri recently attended a training TDS & Taxation, which was meant for Accounts Professionals. This training covered complete Direct and Indirect Taxes and the working knowledge was well received by the participants. Also covered are the Calculation of Taxes, Filing of Tax Returns, Deposit of tax and Assessments, Online filing of Monthly, Quarterly and Yearly Returns etc. Both Virti & Bhagyashri are expected to be benefitted by this training.

### **Coastal Shipments Training**

Success in any business depends mostly on competence, systems, staff & personnel and the right blend of experience. Coastal shipping is well suited for transportation of bulk cargoes at low cost. Coastal Shipping, as a complimentary mode of transport, is not only an economic necessity but also a valuable asset in times of emergency. As Seatech focus on this in its diversified activities, a training program on Coastal shipments was held in Crowne Plaza at Kochi on 5th of August, which was attended to by our Director Mr Christopher Phillips & Mr Tabrez, inter-alia many other prominent personnel from the Shipping Industry in India.

### **Bulk Conference**

Mr Tabrez recently attended a 2 days conference at Pune on Break Bulk. The conference was aimed at effective cooperation of key shipping market participants for Break Bulk Cargo. It was devoted to new technologies in shipment of Break Bulk and was considered the annual platform for the leading personnel related to shipping industry. The event turned out to be a wonderful opportunity to be kept updated on the latest trends of global industry features and to discuss on the most significant achievements and challenges.
